Trương Quang Trường

UNITY DEVELOPER

0944439518 truongquangtruong123@gmail.com Hà Nội

EXPERIENCE

Rocket Studio 06/2023 - 05/2024

Unity Developer

- Developed and optimized 3D hyper-casual games on Android to ensure smooth performance.
- Integrated advertising SDKs (IronSource) and Firebase to support monetization and user analytics.
- Handled technical issues including fixing build errors, reducing crash rates, and optimizing game performance across various devices.

Percas Studio 02/2025 - 10/2025

Unity Developer

- Developed and maintained Simulation, Puzzle, and Casual games on Android/iOS, ensuring product quality from development stages to post-launch updates.
- Designed and built reusable core systems, scalable base code architectures, and editor tools to support game development workflows.

WingsMob Studio 04/2025 - 05/2025

Unity Developer

- Supported and developed new features for simulation, ASMR game projects.

SKILLS

Languages	C#, C/C++
Programming	Object-Oriented Programming, SOLID Principles, Data Structures and Algorithms
Design Patterns	Singleton, Object Pooling, Observer, Factory, State Machine...
Unity	UI System, Particle System, Animation, Spine, Physics 2D/3D, Shader, Scriptable Object, Resources, Save/Load File, Custom Editor Tool, Optimize with Profiler, Frame Debugger, Memory Profiler.
Tools	DOTween, UniTask, Odin Inspector, Addressables, Build Report
Version Control	Git (GitHub, Gitlab), SVN (Rider, Source Tree).

PROJECTS

Lucky Scoop: DIY Packing 04/2026 - 05/2026

Demo: https://play.google.com/store/apps/details?id=com.wgm.luckyscoop.relaxing&hl=vi

- **Desciption**: Simulation game inspired by viral TikTok trends.
- **Team size:** 6 (2 developers).
- **Tech Stack**: Unity 2D, C#, DOTween, Spine,...
- **Contribute**: Built live stream feature, interact decoration item, UI Popup

Tidy Time: Perfect ASMR Game 02/2025 - 10/2025

Demo: https://play.google.com/store/apps/details?id=com.pc.tidy.craze.diy.asmr.ocd.relax.cozy

- **Desciption**: Relaxing simulation game featuring satisfying ASMR mini-games.
- **Team size:** 10 (3 developers)
- **Tech Stack:** Unity 2D, C#, DOTween, Addressable, Spine,...
- **Contribute:** Built core gameplay, game flow, UI, data saving, helper editor, intergrated ads SDKs, Firebase services and Remote Config for analytics, monet and live game config.

Grill Sizzle 08/2025 - 09/2025

Demo: https://youtube.com/shorts/SgDiMc9O7Oo

- **Desciption**: Match-3 mechanics, sorting puzzle game and cozy ASMR.
- **Team size:** 4 (1 developers)
- **Tech Stack:** Unity 2D, C#, DOTween, Spine,...
- **Contribute:** Built core gameplay, game flow, UI, data saving, helper editor, level editor.

Baby Escape 09/2023 - 10/2023

Demo: https://youtu.be/-Zk1brYKM1Y

- **Desciption**: Hyper-casual level-based runner game where players guide a baby escape room.
- **Team size:** 8 (4 developers)
- **Tech Stack:** Unity 3D, C#, DOTween,...
- **Contribute:** Built enemy controller and state (movement, catch baby, FOV), obtacles (electric laze, movable box) and level design.

Prank the Thief: Hunt and Find 12/2023 - 02/2024

Demo:https://youtu.be/5YuvkxCw-OA

- **Desciption**: Hyper-casual shooter game where players set traps, hide and attack enemy.
- **Team size:** 4 (2 developers)
- **Tech Stack:** Unity 3D, C#, DOTween, State Machine,...
- **Contribute:** Built player controller, enemy state machine, weapon systems, UI and level design.

EDUCATION

Vinh University High School for Gifted Students 2017 - 2020

Math honors class

Degree Classification: Very Good

Hanoi University of Science and Technology 2020 - 2025

Computer Engineering

Degree Classification: Good

CERTIFICATIONS

- TOEIC Certificate 615/990 2025
